

6th and 7th grade parents

Lombard Booster Club needs your support. Two of the 3 board members are the parents of 8th graders. We are asking that you attend a booster club meeting to find out what we are all about. The only fundraiser that we do is the Lombard Gold Card. About \$14,000 is earned from gold card sales. All of the money is spent on the kids. We need your input on how the money is spent. In the past, money has been used to buy SMART boards, remotes for SMART boards, teacher incentive programs, pom-poms, books, \$500 is given to each grade every year to help with field trips etc., and \$150 is given to each sports team at the end of the season for party/trophies. Without a booster club board there will be no booster club. We are averaging one parent at each meeting. Booster Club meeting dates and times are posted on the Lombard website:
